

THE POST

College:	<u>College of Engineering, Maths and Physical Sciences</u>
Post:	Lecturer in Natural Sciences (Education and Scholarship)
Reference No:	P62241
Grade:	F
HERA:	TF
Reporting To:	Professor Geoff Nash (Director of Natural Sciences)

Job Description

Main purpose of the job:

You will have responsibility for the design, development and production of teaching and learning material and deliver across a range of modules. You will work with Professor Geoff Nash (Director of Natural Sciences) and Dr Nicky King (Director of Studies) to ensure the efficient and effective delivery of Natural Sciences in accord with the College's education strategy and implementing the External Affairs strategy. You will also contribute directly to teaching in Natural Sciences, and to the development and implementation of innovative teaching practices within the University.

Main duties and accountabilities:

1. Use appropriate teaching, learning support and assessment methods, supervise student projects, placements and internships in support of the Natural Sciences leadership team
2. Identify areas where current provision is in need of revision or improvement and contribute to the planning, design and development of objectives and material.
3. Select appropriate assessment instruments and criteria, assess the work and progress of students by reference to the criteria and provide constructive feedback to students.
4. Set, mark and assess work and examinations and provide feedback to students.
5. Ensure that module design and delivery comply with the quality standards and regulations of the university and College.

Liaison and Networking

Participate in and develop external networks, for example to contribute to student recruitment, secure student placements, facilitate outreach work, support student internships, or build relationships for future activities.

Managing people

1. Co-ordinate the work of others to ensure modules are delivered to the standards required.

Initiative, problem-solving and decision-making

1. Identify the need for developing the content or structure of modules with colleagues and make proposals on how this should be achieved.
2. Develop ideas for generating income, promoting the subject and opportunities for students..
3. Exercise joint responsibility for the design and delivery of own modules and assessment methods.
4. Contribute to the accreditation of programmes and quality control processes.
5. Tackle issues affecting the quality of delivery within scope of own level of responsibility, referring more serious matters to others, as appropriate.

Planning and managing resources

1. As module leader or tutor, co-ordinate with others (such as support staff or academic colleagues) to ensure student needs and expectations are met.
2. Be responsible for administrative duties in areas such as admissions, time-tabling, examinations, assessment of progress and student attendance.

This job description summarises the main duties and accountabilities of the post and is not comprehensive: the post-holder may be required to undertake other duties of similar level and responsibility.
